Per month, per week, and per day columns give average rate that would need to see (Italy+Greece+others) for remaining part of 2015 to end up the corresponding total.

end date 12/31/15  
 weeks left 12.86  
 months left 2.95  
 Days left 90.00

Only an average of 10000 per month likely through Italy, if that.

Projection from country tabs:

Italy projected: 148807  
 Greece projected: 683517  
 Total: 832324
